

TRIBO ELECTRICAL LTD

Design • Installation • Maintenance

14.6.11

Reference: Testimonial for Courtley Health & Safety Limited.

Just a few words to thank Steve for his recent help with a job we carried out at Blundellsands Tennis Club. He really helped us out with scaffold and sound advice on best practice in the erection and use of same.

Also John recently attended an asbestos awareness course at Steve's premises and found this to be both useful, informative and very professionally presented.

We would definitely recommend Steve and his team for any help you may need for health and safety training and advice.

Yours sincerely,

John Hilliard
